Extract from the Director of Public Health's letter No.249 P.H.
of 23, dated 12th October 1923.

P a r a 2.

A letter from the President, District Board, South Kanara regarding the convening of a conference in his district is also enclosed. I do not agree with the President in considering that ^{no} the conference as desired in the G. O. is necessary or that there is no necessity for the formation of a joint committee as no festivals occur in municipal areas and as there are no Unions in the District. Such perennial places of pilgrimage as Udippi and Vittal can be managed only by a joint committee consisting of the Taluk Board, District Board and the temple authorities. With regard to the other festival centres the taluk Boards concerned should see that adequate sanitary arrangements are made during the festivals. The President District Board may be informed accordingly.
